ABOUT ME

Product & Graphic Designer with over a decade of experience across digital products, websites, and brand identities. I turn complex problems into clear, intuitive experiences through research, collaboration, and hands-on design, from early concepts to final delivery. My experience includes design leadership roles at Tokopedia, Bananas, Pina, and Peeba.

EXPERIENCE

Feb 2026 - Present

Indosat Ooredoo Hutchison - Product Design Consultant

Contract via Mitracom

- Provided design consultancy and hands-on execution across end-to-end product journeys, from early ideation to final product design.
- Collaborated with cross-functional stakeholders to brainstorm solutions and translate discussions into actionable design tasks.
- Conducted design audits and worked with development teams on design QA to ensure the implemented product aligned with the intended experience and design specifications.

Nov 2024 - Aug 2025

Peeba - Product Design Lead

Jakarta

- Created clear, actionable PRDs to communicate product direction across teams
- Conducted user interviews and usability testing to gather insights, validate ideas and pain points
- Reported directly to the CEO, sharing updates on progress, blockers, and key outcomes
- Collaborated with stakeholders to find user needs, define problems, and make effective product solutions
- Executed the full design process from early ideation and wireframes to high fidelity designs

Nov 2022 - Nov 2023

Pina - Product Design Lead

Jakarta

- Worked closely with the head designer to develop a comprehensive design system
- Crafted a top-notch experience and design to attract and acquire new users
- Collaborated with stakeholders to brainstorm and plan actionable steps based on user feedback
- Assisted the QA team to ensure a seamless user journey
- Conducted design reviews with the team, ensuring consistency across pages, and resolving internal issues

Feb 2022 - Oct 2022

Bananas - Product Design Lead

Jakarta

- Developed user-centric applications for users, drivers, and internal dashboards
- Developed a comprehensive design strategy based on identified issues
- Collaborated across divisions and stakeholders to ensure a delightful user experience, visually appealing content, and easy-to-understand designs

Nov 2020 - Nov 2021

Purwadhika - RnD UI/UX Manager

BSD

- Facilitated the creation of engaging UI/UX and comprehensive corporate training materials
- Served as a mentor and evaluator for final project examinations
- Conducted educational sessions for corporate training and mentorship
- Ensured a smooth transition for students from learning to career readiness

Jan 2017 - Sep 2020

Tokopedia - Principal Product Designer

Jakarta

- Ensured a seamless end-to-end product journey that prioritizes user experience and visual appeal
- Executed design strategies
- Nurtured and mentored both senior and junior UI/UX talents
- Created and managed project timelines to ensure continual progress updates for the team and stakeholders

Jul 2014 - Jan 2017

XM Gravity/Mirum Agency - Sr. Graphic Designer/Jr. Art Director

Jakarta

- Managed clients' projects in various sectors such as moms and babies, fashion, health & beauty as a graphic or web designer
- Crafted engaging websites, microsites for campaigns, and impactful image posts for social media
- Collaborated with UX professionals and other stakeholders to ensure comprehensive project campaign development

Jun 2012 - Mar 2014

Greenlab - Sr. Graphic Designer

Jakarta

- Crafted brand identities, including logos and collateral items, mostly for restaurants, events, companies, fashion, and more
- Assisted junior designers throughout the design process

Jun 2011 - Sep 2011

Avicom - Graphic Designer

Jakarta

- Collaborated with teams to brainstorm and ideate during pitching sessions
- Crafted collateral and support items such as logos for events, posters, and billboard ads
